## Objective

To participate in the design and development of stunning user experiences that inspire interaction, and to work with a passionate team built on a foundation of education, creativity and trust.

## Experience

### Freelance Developer

5.13 - Present

Andrew Kiproff, LLC  
Pittsburgh, Pennsylvania

Worked with organizations from around the world, designing and developing websites that include e-commerce, portfolio, blog and multilingual functionalities. Increased traffic and enhanced page ranking by improving website structure, performing Search Engine Optimization (SEO) for local improvements. Created UI/UX strategies that include wireframes and mockups for small and medium-sized enterprises.

### Adjunct Professor

8.15 - 8.16

Web Development and Design  
University of Colorado: Boulder  
Boulder, Colorado

Tasked with introducing web programming and online interactivity to graphic design students. Inspired nonprogrammers to become passionate about syntax and bring their designs to life through code. Created a unique and engaging curriculum that encouraged students of varying technical skill to pursue a career in development.

### Full-Stack Web Developer

4.11 - 10.14

Sparkable  
Buffalo, New York / Berlin, Germany

Created, updated, and maintained multiple websites and social media campaigns for various clients. Managed a small group of

abroad individuals across numerous time-zones to complete deadlines. Traveled Internationally to meet with clients and provide consultation.

## **JavaScript Developer**

**1.12 - 6.12**

*Carestream Health  
Rochester, NY*

Internship. Create, update, and maintain site pages on Carestream Health's intranet team. Developed pages using CSS, HTML, PHP, and Javascript with specific conditions for outdated browser compatibility. Introduced to a project with a fast approaching deadline that was able to launch one schedule. Received certificate of excellence for efforts towards the project.

## **Web Developer**

**5.09 - 5.12**

*Rochester Institute of Technology  
Rochester, NY*

Create, update, and maintain site pages for RITSportsZone.com and RITSportsZoneLive.com, using CSS, HTML, PHP, and SSL. Coordinate with producers and designers for major site changes. Maintain internal tools for managing site structure, news data, and sports photos. Work with third-party providers to ingest and integrate external sports data. Assist with design efforts for site pages, content archival, photo galleries, video features and blogs. Provided technical support for usability issues and critical site problems, as needed.
